INTRODUCTION

When *The Force Awakens* stormed into cinemas in December 2015, it had been 33 years since we first saw Luke Skywalker, Leia Organa and Han Solo defeat the Empire in *Return of the Jedi*. The latest instalment brought back some of our favourite characters, and introduced us to new heroes, loveable rogues and loyal droids.

While Episode VII opened up countless new possibilities, there are many links between *The Force Awakens* and the previous six *Star Wars* films. This book connects the past and present through engaging graphics.

Enjoy the infographics, and ready yourself for even more spectacular episodes to come.

CHARACTER QUOTES

In the world of Star Wars, things quickly gain cult status, even what the characters say. In *The Force Awakens*, there are the usual references to missing droids and the recurring 'I have a bad feeling about this', but some new quotes have joined the fray. Here are a select few.

KYLO REN'S RAGES

Kylo Ren is a sombre and mysterious character with an infamous lineage; however, he is incapable of controlling his anger. Here we return to the notable moments where Kylo Ren lost control.

"I'll show you the dark side!"

Kills Lor San Tekka on Jakku after he refuses to give up the map to Luke Skywalker.

"The droid ... stole a freighter?"

Destroys the control panel of the Resurgent-class Star Destroyer on hearing that BB-8 escaped with the map.

"Nooooooooo!"

Destroys the interrogation room on the Starkiller Base after Rey's escape.

"That lightsaber. It belongs to me!"

Becomes furious when Finn ignites Luke's lightsaber and raises the blade.
